

One BIG difference:

Caregiver Pay

While every agency claims to have a caregiver first focus, or to take good care of their

caregivers, or to empower their caregivers, what makes Keep Safe Care unique is how much better we pay our caregivers without raising the costs for our clients. Keep Safe Care employs **The 2/3 Rule®**: we pay our caregivers 2/3s of what we typically charge our clients. This results in upwards of \$8 more per hour as illustrated below. This is accomplished by using technology to dramatically reduce the overhead associated with operating a personal services in-home care agency. This results in two benefits for our clients: First, you get more reliable and consistent care, and secondly, you will get the same caregiver providing you care, week after week. These improved efficiencies also allow us to offer short-term and same-day care as well as graduated hourly rates.

Online Care Plan

Ensuring the right care is actually performed is every bit as important as hiring the right caregiver. Our online care plan feature makes it easy to communicate care needs and indicate successful task completion.

Long Term Care Insurance

Finally! Insurance reimbursement made easy. Keep Safe Care prepares all of the paperwork needed to submit claims to your long term care insurance provider. Caregiving hours, rates and nurse sign-off is provided.

KEEP SAFE CARE

The Next Level of Caregiving®

We provide more consistent, reliable, and dependable care because we pay caregivers more.

We take care of our caregivers so they can take better care of you.®

Welcome to Keep Safe Care

You Get the Same Caregiver

Having a consistent, reliable and dependable caregiver is now becoming the number one concern with clients. Due to our low turn over and truancy, you can be guaranteed to have the same caregiver week after week as long as needed.

Transportation Service

This is not ride sharing. Instead, you get the same caregiver to drive you to your destination, stay with you and ensure you return safe and sound to your home. This caregiver can also take you shopping, to medical appointments, or just for errands.

Short Term & Same Day Care

Emergencies happen that require you to secure short term, in-home care. Improved efficiencies allow us to offer this care option. Be it for post-surgery care or for an emergent event, you can request either short-term and/or same day caregiving.

We take care of our caregivers so they can take better care of you®
No contracts nor minimum hours required

Graduated Hourly Rates

Due to the effectiveness of our software to substantially lower operating costs, we can concurrently pay our caregivers more and at the same time offer our clients the ability to lower their hourly rate on a graduating scale when they request more caregiving hours on a weekly recurring basis.

No Contracts, No Minimums

Our software greatly reduces costs associated with caregiving recruitment and management. Because of this, we are able to offer our services with no contracts and no required minimum hours. This is unique and revolutionary in the personal services, private duty industry.

Automated Billing & Payment

Unlike other agencies, Keep Safe Care does not require a deposit or prepayment for services. We only use credit cards for billing and do a preauthorization for services just like hotels. Because of this, payment is automated, effortless and electronic. No checks, no muss, no fuss.
